

AFFIDAVIT FOR THE SEARCH WARRANT

During the weekend of April 12, 2008, Washington D.C. was the host city to the spring annual meetings of the International Monetary Fund (IMF). Over two hundred delegates from around the world attend these meetings that are housed at various hotels throughout the Washington D.C. area, including the Four Seasons Hotel, located at 2800 Pennsylvania Avenue, N.W., Washington DC 20007

On April 12, 2008, at approximately 2:30 a.m., approximately sixteen (16) individuals approached the main entrance of the captioned Four Seasons Hotel, located at 2800 Pennsylvania Avenue, Washington, DC. A review of the hotel's surveillance cameras revealed several of the above mentioned individuals were wearing masks, black hooded jackets, and sunglasses in an attempt to conceal their identities.

Once inside the hotel, the individuals simultaneously began throwing firecrackers, including three or four smoke generating pyrotechnic devices inside the hotel's lobby area. After activating the smoke devices, group members retrieved paint-filled balloons from their backpacks and began throwing them at various sculptures and statues placed throughout the lobby. As the individuals ran from the hotel's lobby, one of the group members stopped directly in front of the main entrance of the hotel and shattered a large glass window with an unknown object. All the individuals fled the area on foot or via bicycle. Investigation at the FBI Washington Field Office, has determined the group's actions were designed to intimidate the IMF policy makers who were guests at the hotel. The Four Seasons Hotel management staff estimated the damage at over \$200,000.00. During this incident, the night manager on-duty was almost struck by one of the smoke generating devices as he tried to retrieve his hotel radio to contact Four Seasons Hotel security.

A short time later the Metropolitan Police Department responded to the Four Seasons Hotel. During the course of the investigation, a review of the hotel's security camera footage revealed an unidentified white female videotaping/photographing the event as it unfolded. The unidentified white female was captured on hotel's security camera running from the area with the other members of the group. Security cameras revealed that the unidentified white female was wearing dark clothing, a light colored beret, a gray and black backpack, and black combat boots.

A reliable source (RS#1) who is not in the position to testify, but has provided reliable information in the past, advised that the unidentified white female has been seen at several protests throughout the Washington DC area. Furthermore, she is frequently seen wearing the light colored beret and black combat boots at demonstrations in the Washington DC area.

During both events, she was observed wearing the same light colored beret and black combat boots captured on hotel security cameras.

A second reliable source (RS#2), who is not in the position to testify, but has provided reliable information in the past, advised that the unidentified white female goes by the name of "ISIS".
